

Subject: RAPTOR & Gravitex - temporary packaging change

We will be making a temporary change to the packaging of RAPTOR and Gravitex. Due to an issue with one of our suppliers, we're unable to obtain black plastic bottles for the next few months. Therefore, we will be temporarily switching to metal cans. These metal cans are the same size and proportions as the plastic bottles and are also fitted with a screw thread that fits our Schutz guns. Users will continue to mix and apply the products in exactly the same way they do currently. The metal cans also fit in the
